RUNNER R 150 FD 85/100

Runner is Wirbel' sturdy, powerful and extremely reliable ride-on scrubber dryer ideal for any kind of cleaning task, above all the long and heavy ones. 150 liter capacity and wide cleaning widths starting from 850 mm up to 1000 mm guarantee a productivity up to 6000 m²/h. Excellent cleaning performance thanks to adjustable down pressure (three steps, up to 101 Kg down pressure) and detergent action (chemical mixing system); wide and reactive squeegee for top drying results on every kind of surface. Everything in Runner is designed to ensure efficiency and comfort. All the main functions of the machine can be easily managed by the intuitive control panel:

- the ECO SYSTEM program optimizes consumptions and eliminates waste, making Runner an eco-friendly machine;
- the SILENT MODE function allows Runner to be quieter, while maintaining high performance.

The easy access from both sides and the perfect visibility while working guarantee comfort and ease of use even during long and hard working sessions. Available in four versions, two basics and two full package (BC CHEM), with batteries and battery chargers included.

TECHNICAL DATA

FEATURES		FD 85	FD 100
Cleaning width	mm	850	1000
Squeegee width	mm	1050	1300

RUNNER: HIGH POWER, LONG LASTING CLEANING

STURDY, POWERFUL AND EXTREMELY RELIABLE, RUNNER IS THE IDEAL MACHINE FOR ANY KIND OF CLEANING TASK, ABOVE ALL THE LONG AND HEAVY ONES.

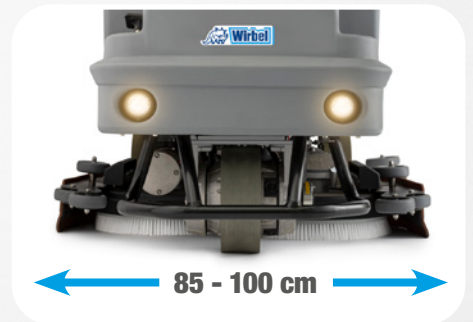

The new 900 W driving wheel guarantees RUNNER the best performance in terms of traction, resistance and high grade-ability. The front and rear non-slip and non-marking wheels ensure perfect stability, good grip and no slippery effects.

RUNNER IS THE BEST SOLUTION FOR LARGE AREAS CLEANING:

- 150 litre tank capacity for long working session
- remarkable scrubbing width: 85 and 100 cm versions

- adjustable speed up to 6 km/h
- theoretical productivity up to 6.000 m²/h
- remarkable running time, perfect for long working sessions

FLEXIBILITY AND PERFORMANCE

The adjustable down pressure (three steps, up to 101 Kg down pressure) combined with the detergent action (chemical mixing system) guarantees the max flexibility and amazing results against heavy dirt on every surface.

By pressing the ECO button, all the working functions previously selected (water, chemical detergent ratio, vac power) are managed for the best consumption optimization. Ecology and saving in every working condition!

High performing vac motor and wide and "reactive" squeegee: for excellent drying performance.

INNOVATION AND CONTROL

All the main working functions can be easily managed by the control board. Thanks to the display, the user can easily and constantly check Runner's status.

ERGONOMICS AND COMFORT

WITH RUNNER EVERY HARD-WORKING SESSION CAN BE ACCOMPLISHED WITHOUT STRESS, EVEN THE HEAVIEST ONES:

Runner has been designed to assure the maximum convenience during any kind of cleaning task. The easy access from both sides, the ergonomic seat, the perfect visibility while working ... every single detail has been studied to assure the maximum comfort and ease of use, even during long and hard working sessions.

QUICK AND EASY MAINTENANCE

SIDE SKIRTS: INNOVATION MAKING THE DIFFERENCE

Runner's side skirts are definitely the most innovative and user friendly.

Each side skirt can be lifted up and down simply and without any effort:

- immediate access to the brush deck;
- side skirts blades easy to install/remove.

Lateral roller bumpers for protection: complete reliability against any potential crush/accident.

PRACTICAL ORDINARY MAINTENANCE

RUNNER'S DAILY MAINTENANCE IS COMPLETELY SIMPLIFIED.

Fast filling of the solution tank, recovery tank easy to drain.

Immediate access to the brush deck:
extremely easy brushes insert/removal.

Wide squeegee easy to place/take off the machine.
The squeegee blades (usable on four sides) can be installed/removed/cleaned in a fast and easy way (no tools).

ALL THE COMPONENTS ARE IMMEDIATELY ACCESSIBLE

RUNNER MEANS SIMPLICITY AND EASE OF USE, EVEN CONCERNING THE ACCESS AND THE MAINTENANCE OF THE MOST "SENSITIVE" COMPONENTS, SO RADICALLY SIMPLIFYING MAINTENANCE AND AFTER SALES ACTIVITIES.

Recovery tank lifting system: easy access to the vac motor and to the battery compartment.

The front "shield" covers and protects all the main components (circuit board, chemical pump, ...), leaving anyway them easy to be reached (the cover can be removed with no tools) in case of maintenance.

RUNNER R 150

AT A GLANCE

BLINKING LIGHTS

Maximum safety during working sessions

LIGHT STEERING

Responsive but comfortable to offer maximum driving accuracy

RECOVERY AND SOLUTION TANKS

In polyethylene, resistant and sturdy

COMFORTABLE SEAT

Perfectly hosts the operator allowing him to work in a stable and ergonomic position. Adjustable, it is ideal during long and heavy working sessions.

SUCTION AND DRAIN HOSES

SIDE SKIRTS

To better protect the most vulnerable parts of the machine and the work environment

LATERAL ROLLER BUMPERS FOR PROTECTION

Complete reliability against any potential crush/accident

HEADLIGHTS

To ensure visibility during work in case of poor lighting
